Happy New Year To Guardian Healthcare Providers

You made 2006 an unprecedented year of growth for our company, so, personally and on behalf of Guardian's entire management team, I would like to extend a sincere "Thank You" to all of our valued Guardian Group employees for your contributions this past year.

We achieved many milestones, including the employment of more than 500 full-time and 300 part-time/PRN employees. We welcomed more than 100 dedicated registered nurses and therapists from overseas to begin their professional careers in the U.S. With annualized revenues now increasing 25% annually, our company continues to grow at a steady, healthy rate. Our client base has grown as well, and now extends into both coasts of South Florida with the recent addition of major contracts at a multi-facility medical center in the Miami Beach area,

and a state developmental disabilities facility in the Fort Myers Area.

For 2007, we are projecting continued growth as our reputation becomes even more well known. While growth is certainly desirable, we pledge to you that we will not allow our growth to diminish our focus on maintaining the highest standards of quality which have become the hallmark of the Guardian Group. It is our sincere belief that "the highest-quality employees deliver the highest-quality patient care" and this belief is always present in our thoughts, and guides our actions in all decisions. Again, we thank you for your many valuable contributions, and we hope you look forward to 2007 with the same anticipation and excitement as we do.

Joe Owen, President and CEO of The Guardian Group

Name This Newsletter Contest

The winner of this contest will receive a \$25 Blockbuster gift card. Mail your suggestions to **Name the Newsletter, The Guardian Group, 109 Westpark Drive, Suite 300, Brentwood, TN 37027**. All entries must be received by March 1, 2007. The winner will be announced in the July newsletter. In the event of identical entries, the entry with the earliest postmark will win. The winner will be determined by committee.

FOCUS ON BENEFITS

401k: A Plan For The Future

Consider the benefits of participating in Guardian's 401k: You may participate in the plan if you are at least age 21 and have completed 90 days of service with the company, whether you are full-time, part-time, or PRN. Once you have decided to join, you may choose to contribute from 1% to 100% of your pay or a flat dollar amount each paycheck.

What this means is your taxable income is reduced by the amount you contribute through salary deferral, which reduces your current taxes. Your total salary deferral in 2007 may not be more than \$15,500. Your maximum deferral percentage and/or dollar amount may also be limited by IRS regulations.

As you can see from the table below, in 30 years, your investment of a little over \$15 per payday can give you the cushion you need to make your retirement comfortable. Even if you have only a few years to retirement age, participating in a 401k can provide you with some extra cash you wouldn't otherwise have.

Here are some advantages to

participating in Guardian's 401k Plan:

It lowers your current taxable income.

You defer paying taxes on your contributions, as well as any investment earnings, until you withdraw money from the Plan. (Withdrawals before the age of 59 1/2 may be subject to income tax, including a 10% tax penalty and redemption charges.)

It's easy to do.

All contributions are deducted from your paycheck automatically through payroll deduction. You can enroll at the beginning of any month.

It's flexible.

You choose how much you want to put into the plan and can choose the investment plan for you from a number of investment options that are available under the plan. Also, you can stop, increase, or decrease payroll deductions at the beginning of every month.

So, consider investing in yourself and your future. It's never too early, and it's never too late!

“The question isn't at what age I want to retire, it's at what income.”
 ~George Foreman

BENEFITS OPEN ENROLLMENT — IT'S ALMOST THAT TIME AGAIN!

Important communications regarding the 2007 Benefits Open Enrollment Period will be distributed soon. Open enrollment is conducted annually during the month of March. Remember: During the annual open enrollment period, eligible employees can enroll in benefits even if coverage was waived when initially eligible. Current enrollees may stop coverage or make changes, such as adding or dropping dependent coverage.

Open enrollment meetings at your location will be scheduled, dates and times to come.

Look at how even a small contribution can grow over time:

Assume \$20,000 in annual income, an annual 8% rate of return, 30 years to retirement, an annual pay increase of 3% and a 25% tax bracket. The annual rate of return in this chart is hypothetical and does not represent the returns of any particular investment.

	2%	4%	6%	8%
30 years to save	\$63,401	\$126,802	\$190,204	\$253,605
Contribution Per Bi-weekly Pay Period	\$15.38	\$30.77	\$46.15	\$61.54
Reduction in Take-Home Per Pay Period	\$11.54	\$23.08	\$34.62	\$46.15

Things You Didn't Learn In School

Men are 20% more likely than women to sneeze in a dusty room . . . a cup of coffee-flavored yogurt can contain about as much caffeine as a 12-ounce can of cola . . . Dandruff is not caused by dry scalp—in fact, it's more common with oily scalps. . . Whispering when you're hoarse is actually worse for your vocal cords than speaking normally. "Rx," the symbol appearing on prescriptions, means "take" from the Latin word for recipe.

"If a man is called to be a street sweeper, he should sweep streets even as Michelangelo painted, or Beethoven composed music, or Shakespeare wrote poetry. He should sweep streets so well that all the host of heaven and earth will pause to say, here lived a great street sweeper who did his job well."—Dr. Martin Luther King, Jr.

For every newsletter, we hope to catch you up on what's going on in each region. The spot below will be reserved for this information. Guardian Healthcare Providers Updates

Middle TN Region—Sue Champion
GHP's Nashville region continues to grow! We recently placed several full-time registered nurses at a corrections healthcare facility in Nashville, we employ five full-time speech language pathologists at a developmental disabilities center in Nashville, and our PRN staffing services to many local acute, long-term, and home health care facilities continues to be in popular demand. Our exceptional Staffing Manager, Nerissa Ferrell, has been with us for a year, and currently handles payroll as well as staffing. Our wonderful On-call Coordinators, Melissa Davis and Kishanna Hawthorne, manage all of the after-hours calls for all locations. We will be adding an HR/Payroll Administrative Assistant within the month and will soon be moving out of the corporate office into our own regional office. We hope to develop a formal travel division and to add a travel staffing manager during the coming year. Thanks to all of our great staff, Nashville looks forward to another fantastic year!

West TN/Southern FL Regions—Jeff Hanover

2006 was an extremely busy, profitable year for our region, which grew to include Bolivar, TN, and South Florida. Up from 65 full-time employees in 2005, we closed last year with 172. We have established a set of goals to use as a roadmap for growth in 2007. They include establishing a new GHP office in Memphis Medical Center and South Florida, increasing our PRN RN pool, and obtaining nursing home contracts for PRN and long-term staffing, among others. We will ask many of our employees to help in this endeavor. It will be a critical year for us to establish Guardian as a national presence in the staffing industry. Most of all, I want to say that our success in 2006 could not have been achieved without the great talent of our region's employees. Thanks!

Kentucky/West FL Regions—Deborah Jones

2006 will be noted as a year when

our long-standing clients reinforced their trust in us as never before, measured by unprecedented bid awards and expansion of existing contractual relationships. We added support staff including HR and payroll and moved to a new office space to accommodate the needs of our field staff. 2007 promises to bring continued growth for our staff at each of our Kentucky and Florida healthcare facilities. We anticipate expanding internationally-recruited registered nurse staffing in our Region with new clients, some of whom are already considering proposals. We have already begun to develop an executive placement division as well. We wish to thank everyone in the Guardian family for their hard work and dedication in supporting our client facilities, and we will work harder to recognize every achievement in 2007.
